Labs are found in Practical Applications & Assessments for Fitness & Wellness, which is available in the bookstore. We will not use the labs found in the Fit & Well textbook so purchasing a used textbook will be fine. The Fit & Well textbook will only be used for the “lecture” portion of the class. Several labs will require equipment. Each lab has a list of the equipment required. You should be able to provide your own (if available), construct your own, or use some items from the PE Department. Five of the labs will require the use of a fitness center, a Collin Library or special equipment. These labs are: Labs 10, 11, 13, 16 and 26.

Collin College has three fitness centers available to you, and several drop-in wellness classes, one each on SCC, PRC, and CPC. You must provide your student ID. You may choose to visit a fitness center or class in the community or use a club of which you are a member. Regardless of the site you select, you must receive written documentation (signature on your lab) by an authorized individual **if you receive assistance with the lab** (i.e. borrow body fat machine, get specific assistance from a personal trainer, fitness center staff or fitness instructor). The fitness center staff at Collin College is NOT responsible for helping you with labs. However, with an advanced appointment, the fitness center staff can help you measure body fat.

Upon Review of This Syllabus

You Should

1. Read it again thoroughly. Make sure you are clear about the expectations of the course and are willing to put in the time necessary to do well. This course requires a significant time commitment. Late assignments or excuses will not be accepted. Remember, you are completing the same amount of work as the on-site classes. Time management is essential. **You are required to use a scanner to submit some portions of your work.** In the beginning, this takes a lot of time. If you are not familiar with using a scanner, get familiar ASAP or consider an on-site class.
2. Develop an emergency plan for submitting your work. Find out campus library hours in advance so that you can use campus computers or scanners if you run into problems. Know where the closest Fed Ex Office (or similar business) is located in case the campus libraries are closed. Identify someone who will be willing to assist you if you are not familiar with word documents, scanning, or Canvas. Be creative & make it happen! Computer problems are no excuse! Work must be submitted inside Canvas in the correct format for credit. Submit work early to ensure you won't lose points.
3. Print a hardcopy of the syllabus. Keep it in a place you can refer to often. Highlight discussion & assignment due dates. Be sure to download an updated copy inside Canvas once classes start. Page 9, under the course calendar, shows the date the syllabus was updated. Compare your hard copy to the syllabus inside Canvas.
4. Purchase the required texts for the course (see page 3 of syllabus). Always take a copy of the syllabus with you when purchasing your books. Don't rely on bookstore employees to sell you the correct book. It is your responsibility to purchase the correct book.
5. Make sure your computer is ready to work! Make use of the eCollin website at <http://online.collin.edu> for an orientation & additional resources.
6. Complete the Medical History Form inside Canvas. It must be submitted BEFORE any other assignment is accepted. You must complete the form & physically initial/sign where required. **Scanning this document is a requirement.** You must turn it in by **Sunday, Jan. 28 at 8pm CST**. The medical history form will only be accepted inside Canvas in the correct link. Please **do not send an e-mail with your form attached inside or outside of Canvas**. Be sure to physically sign & initial the required spots!
7. To locate your course offered in Canvas, go to cougarweb.collin.edu and login. Click on the "My Courses" tab and click on your course listed in the My Courses channel. It will take you to your Canvas Course.
8. The first day of classes, there are 4 things to complete within the first week:
 - 1.) Complete the medical history form (by hand) and submit in the "Week 1" link. Due Jan. 28 at 8:00 pm.
 - 2.) Complete the extra credit syllabus quiz in the "Week 1" link. It is a 15 minute maximum quiz that tests your knowledge of the syllabus. Due Jan. 28 at 11:59 pm.
 - 3.) Review the course agreement and submit your response in the "Week 1" link. Due Jan. 28 at 8:00 pm.
 - 4.) Choose a book from the book review list & submit your choice in the "Week 1" link. The book review list can also be found on the Instructor's website <http://iws.collin.edu/tramsey>. The submission link is only inside Canvas. Due Jan. 28 at 8:00 pm.
